樂餉社 Feeding Hong Kong

Funded by:
香港賽馬會慈善信託基金
The Hong Kong Jockey Club Charities Trust

FOOD WASTE HIERARCHY

MOST PREFERRED

Source Reduction — Avoid generating food waste

Feed People — Donate quality surplus food to charities and community groups

Feed Animals — Direct food unfit for human consumption to livestock feed

Industrial Use — Food waste converted to renewable fuel via anaerobic digestion

Composting — Unavoidable food waste converted to compost and fertilizer

Disposal — Last resort of landfill and incineration

LEAST PREFERRED

Hong Kong Jockey Club Community Sustainability Fund - “Food Wanted, Not Wasted” Education Programme
